CENTER FOR GLOBAL ENGAGEMENT

2021
Annual
Impact
Report

Dear partners and friends of the Center for Global Engagement,

Here at CGE, it has been quite a year. In 2021, global engagement still operated a bit differently than in years past. However, with the help of our extraordinary units and community partners, we have creatively found means to engage our students in a complex world and begin rebuilding our robust global programs in a post-pandemic environment.

The 2021 CGE Annual Impact Report is just a glimpse into the hard work of our team members over this past year. The accomplishments across our various units -- including the International House, the Programs Abroad Office, the English Language Institute, the Office of Asia Engagement, the Office of Communications, International Student and Scholar Services and the Global Research Office -- are difficult to sum up in a few brief webpages.

The report features major accomplishments from each CGE unit, statistics and data that tell the story of recovery and restoration and "in their words" stories that display the impact CGE had on students, faculty, staff, and the local community over the past year.

Don't forget to visit the 2022 Events and Important Dates Calendar, featuring upcoming programs such as International Education Week and our annual International Festival.

Thank you so much for your continued support of both the Center for Global Engagement and global engagement as a whole at the University of Tennessee, Knoxville. Your support is fundamental to the success of our mission in aiding students on their journeys to becoming global citizens. We are looking forward to future opportunities to deepen our partnerships and begin new ones, and we can't wait to witness all that we accomplish together in 2022.
